

DOLPHIN EMOTIONS

Dolphin Emotions experience starts with an educational talk, learning various facts about the bottlenose dolphin, its biology and ecology.

Participants spend about 30 minutes in the water, with the supervision of a trainer, where they meet the dolphins, experience moments of tenderness and affection and perform an aquatic behaviour sequence with the extraordinary ambassadors of the ocean. During this period participants are accompanied by an educator who will be able to answer your questions.

Including the educational session, the total duration of the experience is approximately 90 minutes.

There is a maximum of 12 participants in each session. With prior reservation, participants may acquire the video and/or photographs of the experience.
